

# **ACTION CHANGES THINGS – ENLIST NOW!**

## **Freedom? It's up to U.S.**

*John Michael Chambers – September 2023*

Remember, it took a handful of militia to fight the British and to form this great nation. It is now up to you, it's up us, to take it back.

George Washington rowing down the Delaware River with a seemingly defeated army of mostly militia, frost bitten bloody feet, running out of ammunition, and all this up against the mighty (and suppressive I might add), forces of Great Britain, heavily outnumbered, Washington later to be known as the father of our nation, said this at that moment to his troops "Give me one more day". And so, President Trump and the military white hats are asking you for one more day. Won't you help to save America?

You love your children and grandchildren? Well the DS is coming after them and has their hooks into them from top to bottom. Our children's future, before they kill us all, is bleak at best. There are no excuses. Anyone can get skin in this game and fight this war and at so many levels. It's an information war won't you enlist?

### **PRESIDENT TRUMP SAID THIS**

"We must not surrender to the false song of Globalism. So, I am asking everyone to join this incredible movement. I am asking you to dream big and bold and daring things for your family and for your country. I am asking you to believe in yourself again and I am asking you to believe in America. And if we do that then all together we will make America strong again, we will make America wealthy again, we will make America safe again and we will make America great again. God bless you!" – Donald J. Trump

There are so many things we can and must be doing right now if we are to take our country back and restore this Constitutional Republic which actually ended in 1871.

It has now reached the precipice. America is embarking upon a near death experience. This is no joke. This is not a drill. You must understand the significance of this.

Today we are living in a post constitutional government not of by and for the people but directly influenced and controlled by Satan himself through China, the fake news media, the entertainment apparatus, the indoctrination vs. education system, the global cabal, the banks and Wall Street and many if not most, of the Democrats and Republicans here at home. Never mind the countless idiots, lunatics and morons that are used as cannon fodder by this evil.

These lunatics are a nuisance don't waste your time with them. Most will never get it and will remain in the way of progress. Thank goodness it's probably less than 25% of the global population. Again, don't invest your time with them. They will meet their maker and be dealt with at that time. Meanwhile our Democrat, independent and libertarian friends who are not part of the lot of lunacy? They need your help. Unite. We must unite.

Thank goodness, from not only being able to see the truths (as we are now gaining control over the narrative), but the inner spiritual impact on each of us individually, is also a big part of this great awakening. And with this awakening there is hope. And we are on God's side and God always wins.

As President Trump often reminds us, "the best is yet to come" and it is as we know the ultimate outcome of this movie. God wins. Satan loses. Therefore, we win, and they lose. We are now moving from dark to light. It is we, who will help to usher in a new world. A better way for civilization as the darkness and evil is exposed and defeated.

So the following is part of an evolving short list and directory if you will, a list of ways you can get involved to take back our country, your country, for you for your family and for posterity. For starters, have faith. Faith in God. Surround yourself with like-minded people who truly do understand the times in which we live in this great awakening and expand those circles. For those of us of faith, pray.

The following is a short list of things patriots can and should be doing in fighting this war. Enlist now.

## **TWO MAJOR PATRIOT MEDIA GROUPS MERGE**

Conservative Broadcast Media & Journalism (CBMJ)  
To Purchase American Media Periscope (AMPNews)

### **POWERFUL PATRIOT - MEDIA MERGER**

[Conservative Broadcast Media & Journalism](#) has agreed to purchase American Media Periscope ([AMPNews](#)) for \$2.25 million dollars, solidifying the combination of two powerhouse 'new media' companies in the Patriot media world.

At a time when mainstream media and factcheckers are suppressing and cancelling the information Americans have access to, groups like CBJM and AMPNews are encouraging and fighting for Freedom of Speech and Freedom of the Press. Now, more than ever, we need to support Independent Journalists and New Media.

With the asset purchase of AMPNews by CBJM, Americans can invest in a publicly traded Patriot Media Company for the first time. Conservative Broadcast Media & Journalism is publicly traded under the symbol CBJM.

### **SUMMARY**

When your children and grandchildren ask you “what were you doing when the global governance was being thrust down the throat of America and the world?” What will your answer be? Freedom – it’s up to U.S.! And I’ll leave you with this. And I’ve stated this publicly for three years now.

“We are in an information war with, false flags and psyops upon psyops from both us and them. We are under a wartime command structure and we don’t know what we don’t know but everything will be okay in the end, if t’s not okay, its’ not the end. So never, ever, ever, give up. Freedom? It’s up to U.S.!”
