

Trump Declares Global Defense War

Donald J. Trump is our Commander in Chief and is in fact a wartime President who never conceded the election results of 2020 after Mike Pence and congress violated election verification protocol by *certifying without verifying*. E.O. 13848 states if there is valid election interference presented before the certification process in-charge (Mike Pence in 2020), that there is 45 days allowed to study the evidence before certifying the vote count. This was denied. And so the theft was never looked at before certifying the vote count. Take note: Joe Biden (or whomever that is) took the oath of Presidency of the defunct U.S. Corporation established in 187 and not the Constitutional Republic founded by or forefathers. I refer you Dr. Jan Halper-Hayes of a DOD task force for further clarification.

The election of 2020 was stolen by both foreign and domestic enemies thus an act of war was declared against America. And so we have responded. We are under a wartime command structure. Presently a covert war but nonetheless a war. The war of wars for all of humanity. It's a military operation and has been officially since the evidence was procured by Space Force and other entities and individuals back in 2021.

Consider this.

The military grade bio-weapon was released out of the Wuhan laboratories followed by the "Genocide Jab" and the locking down of a nation. Crimes against humanity. There is an invasion at the unprotected border with millions and millions crossing then infiltrating which of course is in violation of the oath of office for the presidency as the Presidents first priority is to secure and protect the homeland. Sky rocketing inflation. Assaults on all of our God given rights and liberties from free speech to privacy issues. How about the fact the U.S. election was stolen in 2020? We have shed blood for a century fighting so that others can have free and fair elections. Yet we do not.

Our freedoms, sovereignty and peace of mind are slipping away. Some say there is no plan? Nonsense. Wake them up. Nothing can be further from the truth. Our pecking order of command and control is God, President Trump, the Military, the White Hats and we the people. Yes of course there is a plan.

When President Trump assembled a team of U.S. Generals preceding a hosted dinner in 2017, the President said, "This is the calm before the storm", when asked by a reporter, "What storm Mr. President", the President responded by simply saying, "You'll find out". Well, Donald Trump always keeps his word. That day has arrived. Welcome to "Operation Storm" as "Trump Declares Global Defense War".

According to Pascal Najadi, who is allied with Space Force as of January 2024, this declaration of war with President Donald J. Trump as Commander in Chief, consists of a global alliance that includes eight hundred generals, two hundred from the U.S. plus the millions they collectively

command from thirty nations. Then add in the one million National Guard that has been Federalized via President Trump's E.O., a global defense war has been declared. Key words here are *global* and *defense*. The mission at hand in "Operation Storm", is to expose the crimes, crimes against humanity and the treason that has been committed and to eradicate the Deep State global structure restoring our Constitutional Republic and God given rights and freedoms to America and mankind.

Election Theft

In Executive Order 13848 "Imposing Certain Sanctions in The Event of Foreign Interference in A United States Election" signed by President Trump on September 12, 2018, this E.O. as well as E.O. 13818, "Blocking The Property of Persons Involved in Serious Human Rights Abuse or Corruption" permits our commander in Chief Donald J. Trump and the military to take action both legally and constitutionally. And so they are.

Human Trafficking

On December 20, 2017 with updates through 2021, via Executive Order 13818 – "Blocking The Property of Persons Involved in Serious Human Rights Abuse or Corruption", this E.O. addresses in part, asset seizures from not only government officials but also of private citizens. A most powerful tool against the Deep State and corrupted individuals. I think you know who some of those individuals are. After all, they will not be able to walk the streets. This has already begun. Just pay attention.

Law of War Manual

President, the Commander in Chief, Donald J. Trump, has declared a "Global Defense War on the World" which includes a declaration of war on civilians as well and not just military and government officials. The entire world is now a battlefield. Why civilians too? Keep reading.

In the "Law of War" manual, published on the home page of my website JohnMichaelChambers.com, it states in part, that under a wartime declaration, that if a territory has been occupied by a foreign enemy in war, (Washington DC), for over a period of one year, that the conventional rules of engagement in war are essentially off under a wartime command, and the enemy can be removed by unconventional force which includes elimination through warfare. It's simply kill or be killed.

It is important to note, under a declaration of war under a wartime President, that military justice and military tribunals override the civilian judicial system and courts. Unlike civilian courts, justice is swift and already served to over one dozen individuals with probably tens of thousands more to process and or eliminate swiftly with a bullet. Some of which are global household names.

Well it has been far more than one year now and the war efforts behind the scenes are now well underway and in this one man's opinion, I believe we will see the military operation on the streets, waters and in the air in America and the world, commence here in 2024 before November, via devolution and continuity of government, all legally and constitutionally. Often

referred to as “ten days of darkness” activating the EBS. Time will tell. Do yourself a favor. Turn off the fake news.

50 USC 1550 War Powers / Resolution 20.12.2019

This document states a declaration of war has been declared by President Trump. This is the worldwide defense war upon all nations. Read it for all the data you need.

Summary

We are at war and living now in a post constitutional, tyrannical government that over the years has been taken over by both foreign and domestic enemies on our watch. The spiritual battle rages on. It's good vs. evil. It's either us or them. This one is for “all the marbles”. In the end we win they lose.

So unite in truth *not in politics nor religion* and then fight for what's right as though your life depends upon it, because it does. We are at the cusp of biblical events that will rock the rafters of this world. Confront it. Let the ways of our past go.

Be prepared physically, mentally, spiritually and financially for the imminent wave of attacks on multiple fronts as this war intensifies. Pray. “Put on the whole armor of God, that ye may be able to stand against the wiles of the devil”. Embrace the truth and help to create a new world, one that God intended for us all. We are on God's side and God always wins. Free will? Use it wisely. Do your part.
